We at Wysong Enterprises, Inc. have been a Tri-Star customer for well over a decade and our experience with their products and services has been first class. Wysong operates the M-100L/FGTT machine and over the past decade we have used Tri-Star products we've successfully marked hundreds of thousands of feet of wire with very limited issues. Any issues we have had with Tri-Star products have always been quickly addressed allowing us to have very limited downtime on the wire marking machine.

Avionics Manager

James McCoy

A handwritten signature in black ink that reads "James McCoy".
