- Dimensions: 14"H x 14"W x 20"D
- Power: 120V, 60 Hz (220V, 50 Hz), 2 Amps
- Weight: 40 pounds
- Air Requirements: 4 CFM @ 85 PSI

## Porta-TAC Series Automatic Contact Crimpers

Model Porta-TAC

Tri-Star Technologies Porta-TAC Crimper is a 40lb., self-contained magazine fed, portable crimper. The Porta-TAC is a versatile tool that can accommodate almost any screw machine type contact. Tool changes are easy and quick, usually taking less than 2 minutes. The crimp head utilizes indenters meeting Mil-C-M22520/7 spec. All functions of the Port-TAC are automatic and are controlled and monitored by an on-board PLC. The Porta-TAC is a highly versatile tool that can be utilized in a number of ways: because of its speed it can be a high volume, first end crimper, or because of its fast tool changeover capability, it can be used for second-end operations.

- **Fully automatic**, wire triggered operation.
- **Very fast**, up to 1,800 crimps per hour.
- **Mil-Spec approved**, meets Mil-C-22520/7 specification.
- **Very versatile**, accepts 16-26 AWG wire
- **Crimps most closed barrel contacts**, 16-22
